25 November 2025

Ref: NEA-CMD-CIRCULAR-ECA-00005-2025

Chief Executives, Corporation Representatives and Energy Managers of Registered Corporations under the Energy Conservation Act
Chief Executives and Corporation Representatives of registrable relevant persons under the Minimum Energy Efficiency Standards

Dear Sir/Mdm

Key Amendments to Subsidiary Legislations ("SL") under the Energy Conservation Act ("ECA") Related to Minimum Energy Efficiency Standards ("MEES")

1 This circular seeks to inform of the amendments to **SLs under the ECA** published on 24 November 2025. Please refer to the links below:

i. Energy Conservation (Energy Management Practices) (Amendment) Regulations 2025
ii. Energy Conservation (Section 26B Exemption) (Amendment) (Order) 2025
iii. Energy Conservation (Composition of Offences) (Amendment) Regulations 2025

2 Industry stakeholders were earlier informed and reminded that the MEES for water-cooled chilled water systems (WCCWS) that will take effect **from 1 December 2025 for existing industrial facilities**. The MEES requirements can be found on NEA's website at https://www.nea.gov.sg/our-services/climate-change-energy-efficiency/energy-efficiency/industrial-sector/minimum-energy-efficiency-standards.

3 Table 1 provides the notable timeline for registration as a "Registered Relevant Person" and submission of the MEES assessment and monitoring reports[1]. **All registrations and submissions are to be done via the EDMA system.**

Table 1: Registered Corporations (RCs)

Type of Registrable Relevant Person (RRP)	Registration	Report Submission	
		Assessment Report	Monitoring Report
(a) Corporations that are served by the WCCWS and remain as a ECA Registered Corporation ("RC") as at 1 December 2025	By 1 June 2026	By 30 June 2026 (where 2026 is "Year A")	By 30 June each year subsequent to Year A
(b) Corporations that are served by the WCCWS and are registered as a RC after 1 December 2025	Within 6 months from the date registered as a RC ("B")	• If "B" is between 1 January and 30 May (both dates inclusive) of a calendar year — by 30 June of the same calendar year • If "B" is between 1 June and 31 December (both dates inclusive) of a calendar year — by 30 June of the following calendar year	By 30 June each year subsequent to the calendar year which the Assessment Report is submitted

[1] The assessment and monitoring period should span a continuous 14-day period.

Table 2: Registrable Relevant Person (RRP) with operational control of a business activity of supplying chilled water for air-conditioning, or "chilled water business activity"

Type of Registrable Relevant Person (RRP)	Registration	Report Submission	
		Assessment Report	Monitoring Report
(a) RRP with operational control of a chilled water business activity and is an RC as at 1 December 2025	By 1 June 2026	By 30 June 2026 (where 2026 is "Year A")	By 30 June each year subsequent to Year A
(b) RRP with operational control of a chilled water business activity and begins supplying chilled water to only RC(s) before 1 December 2025			
(c) RRP with operational control of a chilled water business activity and begins supplying chilled water before 1 December 2025 to: (i) Only non- RC(s); or (ii) Both RC(s) and non-RC(s)	By 1 June 2030	By 30 June 2030 (where 2030 is "Year A")	By 30 June each year subsequent to Year A

4 Should you require any clarifications, please contact us at nea_eepc@nea.gov.sg or your NEA account officers.

Yours faithfully

For Mr Suresh K.
Director
Carbon Mitigation Division
National Environment Agency
