NEA/HS/6.6

1 July 2020

To: All HS Licence and Permit Holders

Dear Sir/Madam,

UPDATE ON CONTROL MEASURES FOR CHLOROPICRIN BY THE NATIONAL ENVIRONMENT AGENCY (NEA)

Chloropicrin is currently controlled by NEA as a Hazardous Substance (HS) under the Environmental Protection and Management Act (EPMA) and a HS licence is required to import, export, manufacture and /or sell the chemical.

Additional Domestic Controls for Chloropicrin

2 From **1 October 2020**, chloropicrin will be included in the Schedule to the Environmental Protection and Management (Hazardous Substances) Regulations ("**EPM(HS) Regs**") and the following additional control measures will apply:

i) Companies which transport chloropicrin in quantities exceeding 50kg to apply for a HS Transport Approval from NEA
ii) Companies which store, use and/or purchase chloropicrin locally to apply for a HS Permit from NEA

3 Companies can submit their applications for the HS Transport Approval and/or HS Permit online via LicenceOne at https://licence1.business.gov.sg from 1 September 2020.

4 For more information on the control of Hazardous Substances, please visit NEA website at https://www.nea.gov.sg/our-services/pollution-control/chemical-safety/hazardous-substances

5 You may contact us via the following email addresses for any enquiries:
i) NEA_HSlicence@nea.gov.sg (for HS Licence/Permit application and general licensing enquiries)
ii) nea_pcd_hs@nea.gov.sg (for HS Transport Approval application and other enquiries)
