NEA/HS-TIW/6.7/TA01

12 Jun 2025

To: Licence Holders

Dear Sir/Madam

REVISED PERMITTED TRANSPORTATION TIMINGS FOR ROAD TRANSPORTATION OF HAZARDOUS SUBSTANCE AND TOXIC INDUSTRIAL WASTE

The transportation of hazardous substances (HS) and toxic industrial wastes (TIW) are regulated by the National Environment Agency (NEA) under the Environmental Protection and Management (Hazardous Substances) Regulations ("EPM(HS)Regs") and Environmental Public Health (Toxic Industrial Waste) Regulations ("EPH(TIW)Regs"). Under these Regulations, any person who intends to transport HS or TIW in quantities exceeding those specified in the Schedules to the EPH(HS)Regs or EPH(TIW)Regs respectively, is required to obtain HS Transport Approval (HSTA) or TIW Transport Approval (TIWTA) from NEA. Holders of these transport approvals must comply with all conditions stated therein, including the permitted transportation timings.

2 As part of NEA's ongoing review to ensure that controls governing the transportation of HS and TIW remain relevant to industry needs, NEA will implement revised road transportation timings for both HSTA and TIWTA from 1 July 2025 onwards, as follows:

Approved Routes	Road Transportation Timings (Before 1 July 2025)	Road Transportation Timings (From 1 July 2025 onwards)
Within JI/Tuas/Jurong Industrial Areas	For HS: 9am to 5pm for Mon to Sat, excluding Sun & Public Holidays For TIW: 7am to 7 pm for Mon to Sat, excluding Sun & Public Holidays	7am to 7pm, daily
Other areas	9am to 5pm, Mon to Sat, excluding Sun and Public Holidays	9am to 5pm, Mon to Sat, excluding Sun and Public Holidays **(No change)**

3 Existing licence holders will receive their revised transport approvals containing the updated permitted transportation timings via email. Licence holders may update the transportation timings in their Transport Emergency Response Plan (TERP) during the next HSTA and TIWTA amendment or renewal application.

4 For more information regarding HSTA and TIWTA, please refer to NEA's websites at:

- https://www.nea.gov.sg/our-services/pollution-control/chemical-safety/transportation-of-hazardous-substances
- https://www.nea.gov.sg/our-services/pollution-control/toxic-industrial-waste/toxic-waste-control/instructions-to-register-as-a-user

5 NEA would like to remind all licence holders to comply with all relevant controls governing the transportation of HS and TIW. Any person found in violation of the EPM(HS)Regs or EPH(TIW)Regs shall be liable to prosecution.

6 For further enquiries on the revised transportation timings, you may fill in the online feedback form at https://www.nea.gov.sg/corporate-functions/feedback and/or call our hotline at 6225 5632.
